163ps MAXIMUM POWER

Award Winning e-POWER

- Fuel Efficiency (NEDC) 18.5km/L
- Smooth & Quiet
- Range up to 1,000km
- Fun-To-Drive

e-Pedal Step (Accelerate and decelerate using just one pedal)

Design That Helps Reduce Motion Sickness (For All Occupants)

Newly Designed Front Suspension System
Delivers precise control and reduced body roll for a smoother, more stable and comfortable ride.

Reduced Sway
Improved aerodynamics with air curtain slots to enhance stability, quietness and driving efficiency.

Newly Designed Zero Gravity Seats
Experience all-day comfort with reduced fatigue while suppressing head sway.

Calming and Stress-free Environment
Large windows enhance visibility for an excellent view from every seat and a quieter cabin with noise insulated acoustic glass ensuring comfort without any claustrophobic feelings.

TESTED & PROVEN
