A MODERN FUSION OF TECHNOLOGY AND LUXURY

Step into the new Navara X-Tremer and experience a dashboard designed for ultimate luxury and connectivity. At the heart of it is a cutting-edge **8" infotainment touch-screen display***, seamlessly integrating **Apple CarPlay® and Android Auto™** for effortless connectivity. The **leather steering wheel, with its refined smooth grain finish***, adds a layer of sophistication and comfort. The **redesigned dashboard** features **an elegant double stitching finish and a soft-touch surface**, while the **centre console** enjoys a sleek, modern update. Together, these enhancements transform the cabin into a stylish and functional space, where every detail is crafted to elevate your driving experience.

Premium **QOOLE MODURE*** materials are used in the interior seats, designed to reflect heat for a cooler and more comfortable ride.

*For selected variants only. Actual car specifications may vary from pictures shown.

EMPOWERING YOUR SAFETY ON EVERY JOURNEY

The new Navara X-Tremer is equipped with **Nissan Intelligent Mobility**, a suite of advanced safety technologies designed to enhance every driving experience. These innovations work seamlessly to provide greater confidence and peace of mind, ensuring you're always protected on the road. Whether you're navigating busy city streets or venturing off the beaten path, the new Navara X-Tremer has you covered, offering a safer journey for you and your passengers.

Intelligent Predictive Forward Collision Warning and Emergency Braking*

Monitors the second vehicle ahead as well as the vehicle directly in front to reduce the risk of multi-car accidents, and the Intelligent Forward Emergency Braking activates the brakes to avoid collisions, reducing the stress of driving in traffic or on busy streets.

High Beam Assist*

If an oncoming vehicle is detected, the system automatically dips the headlights when high beams are activated.

Blind Spot Warning*

Visual alerts appear on your mirrors and display if a vehicle is detected in your blind-spot area. Further warning alerts sound if you continue moving into the danger zone.

Lane Departure Warning*

Stray from your lane and you'll be warned with both a visual and audible alert by a system so smart, it turns them off when you flick on your indicator.

Intelligent Driver Alertness*

Monitors your driving patterns and steering behaviour to detect changes from normal patterns. If inattention is observed, audible and visual alerts are presented.

Intelligent Around View Monitor (IAVM) with Off-Road Mode and Intelligent Moving Object Detection (IMOD)*

On rough terrain, the IAVM becomes your personal spotter. With a designated off-road mode, at slow speeds in 4WD (4LO) it gives you a clear view of the surrounding terrain, so you can see exactly where to place your front wheels.

Rear Cross Traffic Alert*

When you're backing out of a parking space, this feature watches the area around the rear of your vehicle and can warn you of vehicles approaching within 20 metres either side.

Hill Descent Control

Helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

Hill Start Assist

When you're on a steep incline, hill start assist helps stop you from rolling backwards for a period of 2 seconds, allowing the driver to release the brake and accelerate.

BOLD INSIDE OUT

The new Navara X-Tremer boasts a bold, rugged exterior that combines modern style with unbeatable toughness. Its redesigned front grille with black accents, muscular lines, and striking two-tone wheel* designs give it a commanding presence on the road. Every detail is crafted to enhance both performance and style, making the new Navara X-Tremer as stylish as it is powerful.
