

SERENA
e-POWER

Big family? Big plans? Big fun ahead.

Meet **the All-New Nissan Serena e-POWER** - the MPV for families with big plans and busy days offering generous space, whisper-quiet EV-like driving, and intuitive features designed around real life; Serena e-POWER turns daily drives into moments worth sharing.

No charging. No hassle. Just hop in, relax, and enjoy the ride - whether it's the school run, grocery dash, or a weekend getaway; Serena makes every moment on the road feel effortless and keeps everyone smiling.

BIG space. EASY driving. FUN for everyone.
This is **the All-New Nissan Serena e-POWER**.

Award Winning **e-POWER**
2nd Generation
e-POWER Powertrain

The vehicle images and accessories shown in this brochure are for illustration purposes only.
Actual vehicles specifications may vary from the images and videos depicted.

Unique to Nissan, its e-POWER technology delivers an instantaneous acceleration which is powerful, smooth and quiet. The 2nd generation e-POWER has evolved to provide added refinement for you to enjoy an EV-like driving experience without the need for plug-in charging.

Powered by an enhanced 1.4L petrol engine that functions solely to recharge the battery, you enjoy seamless electric driving with the freedom to go further.

360° SAFETY SHIELD

NISSAN
INTELLIGENT
MOBILITY

A whole new level of protection in every situation. The All-New Nissan Serena e-POWER is equipped with advanced driver assistance technologies that give you confidence and peace of mind on every journey. A suite of Intelligent features keeps you alert and aware of your surroundings at all time. The Safety Shield concept offers all-round protection in adverse situations, helping to keep you safe during emergencies.

ProPILOT

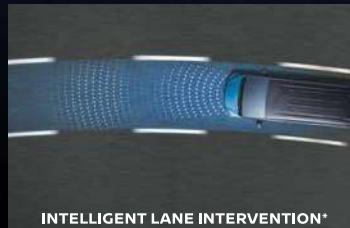

*For SHIRO/PHWS/HWS

Experience a new level of intelligent driving with Nissan ProPILOT. With just a touch of a button on the steering wheel, ProPILOT seamlessly assists with steering, braking and acceleration, to help you maintain a safe distance, stay centred in your lane and enjoy a smoother, more confident drive.

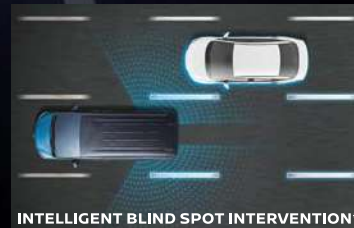

INTELLIGENT CRUISE CONTROL*

Automatically adjusts speed to maintain a safe distance, reducing driver fatigue during long journeys.

INTELLIGENT LANE INTERVENTION*

Automatically helps keep your vehicle centred in its lane by detecting unintentional drift and gently guiding you back when lane markings are clear.

INTELLIGENT BLIND SPOT INTERVENTION*

If the driver still attempts to change lanes after being warned, the system will automatically steer the vehicle back into its lane to avoid a collision.

Design That Helps Reduce Motion Sickness (For All Occupants)

Nissan has developed innovative technologies to help reduce motion sickness. Through research* and testing on sweat levels and head movement, we identified three key factors linked to motion sickness: body balance disruption, stress, and visual stimulation.

Newly Designed Front Suspension System

Delivers precise control and reduced body roll for a smoother, more stable and comfortable ride.

Reduced Sway

Improved aerodynamics with air curtain slots to enhance stability, quietness and driving efficiency.

Newly Designed Zero Gravity Seats

Experience all-day comfort with reduced fatigue while suppressing head sway.

Calming and Stress-free Environment

Large windows enhance visibility for an excellent view from every seat and a quieter cabin with noise insulated acoustic glass ensuring comfort without any claustrophobic feelings.

*Based on Nissan internal data; perceived motion comfort may vary by individual.

BIG. EASY. FUN.

Turn everyday family moments into joyful drives.

Hands-Free Dual Power Sliding Door* - Opening the door with just your foot while hands are full.

Thoughtful Dual Back Doors Design - Making it easier to access the cargo in tight spaces.

Walk-Away Auto Lock & Approach Auto Unlock - Locks when you leave and unlocks when you arrive, for effortless security and convenience.

THOUGHTFUL CONVENIENCES & FUNCTIONAL STORAGE
